

OPA2342 Simulation

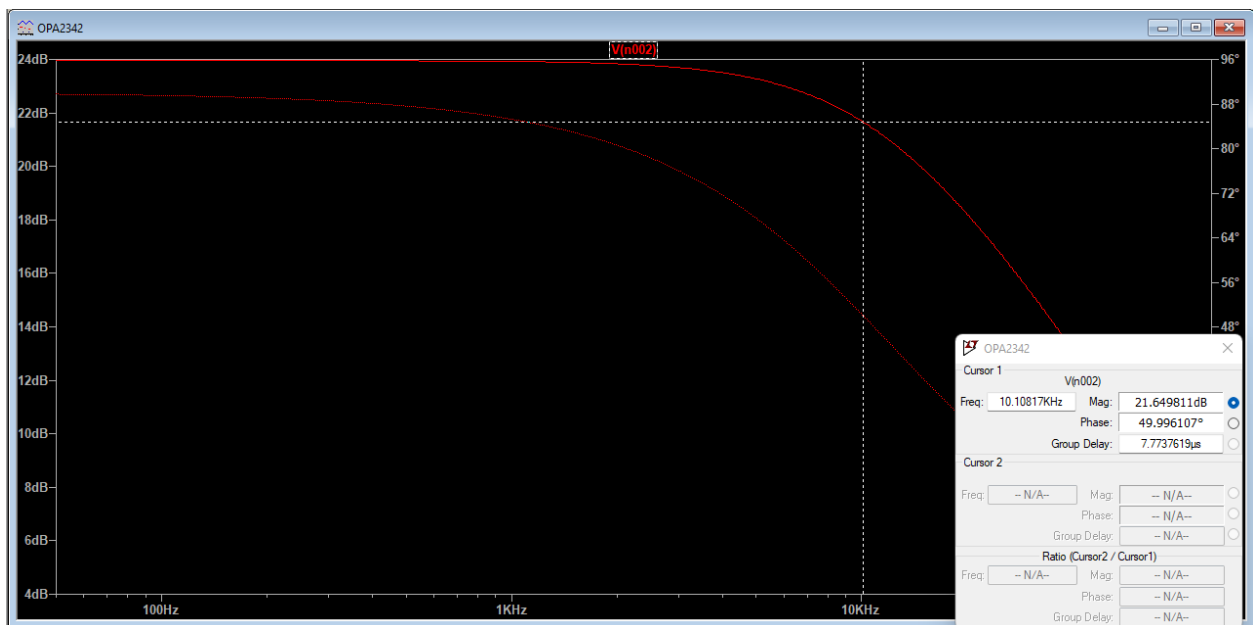

Transient response, .step param R 1k 10k 1k

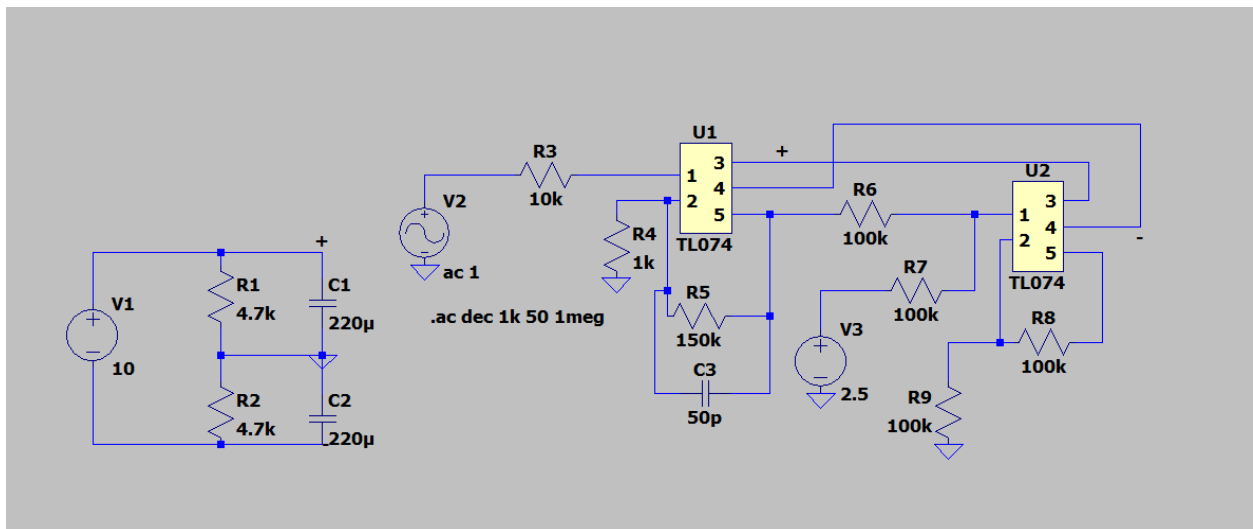

Temperature sweep 0 - 100 Celsius

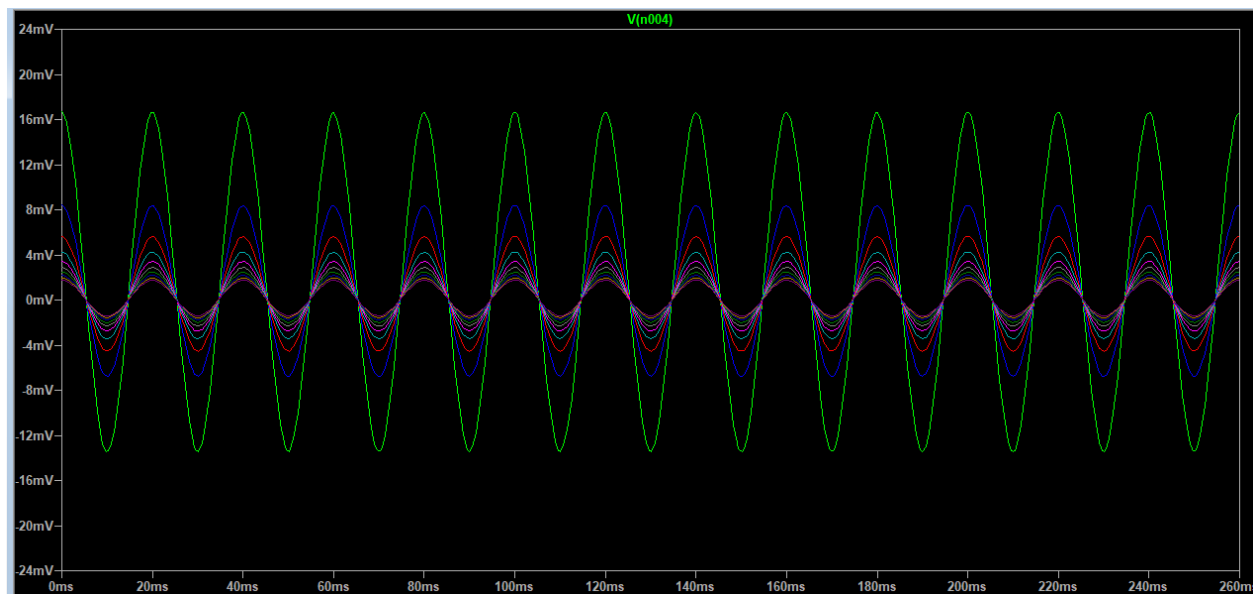

AC sweep .ac dec 1k 50 100k

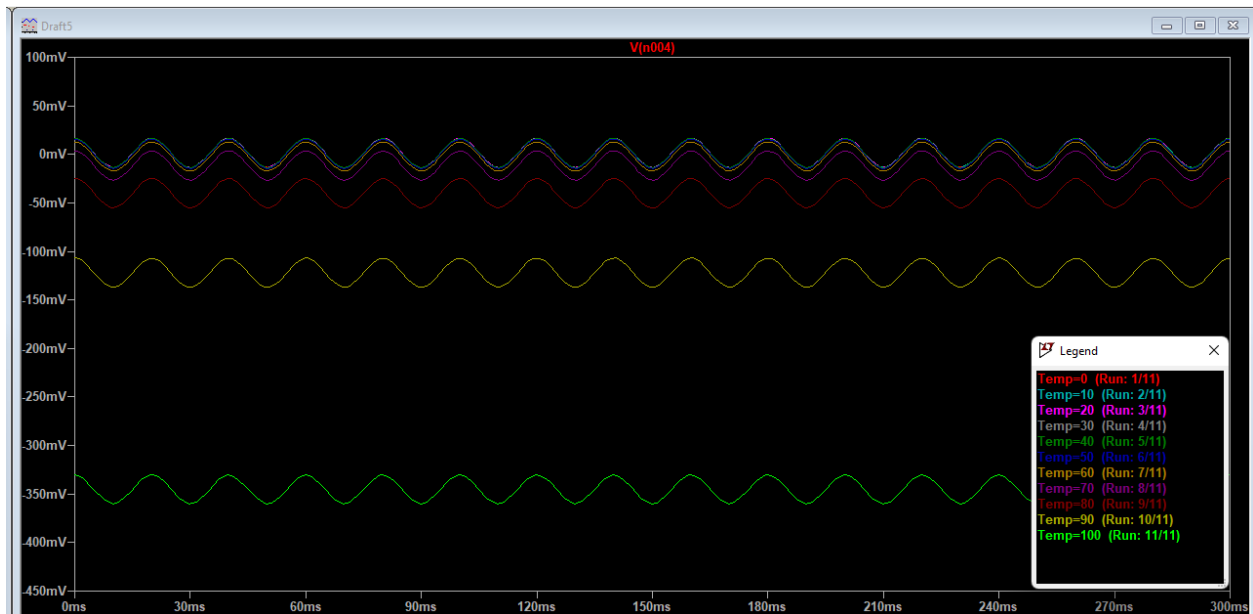

TL074 Simulations

R sweep, .step param R 1k 10k 1k

Temperature sweep 0-100 celsius. The TL074 circuit seems to respond to temperature much harsher than the OPA.

AC sweep, 1k - 50khz
